1. About BondVerse

BondVerse is a South African bond origination service and part of the Group of Verse Companies, alongside PropVerse (propverse.co.za). We act as an intermediary between home loan applicants and banks/lending institutions, submitting applications and negotiating offers on behalf of our clients.

2. How We Are Paid

Our service is free to you as the applicant. BondVerse may receive a referral or origination fee from the bank or lending institution upon successful registration of a bond. This fee is paid by the institution, never by you, and does not affect the interest rate or terms you are offered.

3. Independence

BondVerse submits applications to multiple banks and presents the resulting offers to you. The final choice of lender is always yours. Credit approval, interest rates and all loan terms are determined solely by the lending institutions in accordance with their own criteria and applicable legislation, including the National Credit Act 34 of 2005 (NCA) where applicable to credit providers.

4. Information Accuracy

We take care to keep the information on bondverse.co.za accurate and current. However, content — including the bond calculator — is provided for general guidance only and does not constitute financial advice. Estimates may differ from figures quoted by banks. E&OE; (Errors and Omissions Excepted).

5. Data Protection (POPIA)

BondVerse processes personal information in accordance with the Protection of Personal Information Act, 2013 (POPIA). Full details of what we collect, why, and your rights are set out in our Privacy Policy, available on our website. Privacy-related enquiries may be directed to info@bondverse.co.za.

6. Complaints

We are committed to resolving any concern quickly and fairly. If you are unhappy with any aspect of our service, please contact us first so we can put it right:
